

# How To Choose Your Wedding Photographer

Getting engaged to be married is a very exciting time in a woman's life. It's something most have dreamed of all their lives. But now is when the work begins. You have an incredible number of big decisions to make. You have to choose a date, a ceremony location, a reception site, the wedding parties, the florist, a band and on and on. But one of the most important decisions you must make is choosing your wedding photographer. After the ceremony is over, your photographs are what you will have to relive this special day again and again. Herb Everett is a retired wedding photographer and former owner of H. Allen Photography. He photographed weddings and portraits for many years in the Atlanta, Georgia and surrounding areas. He will guide you through every step of this process from beginning to end. He will tell you how to find photographers, how to interview them, and how to make the final decision. He will also share with you what you need to know about the wedding contract and how photographers package their services. He will also let you know what to expect while working with your photographer before the wedding day, on the wedding day and after the wedding day. Choosing your wedding photographer is very important and this book will be your guide from start to finish. Congratulations on our engagement!
