An introduction to the metres of the Greek tragedians

This book was originally published prior to 1923, and represents a reproduction of an historical work, maintaining the same format as the original work. While some publishers have opted to apply OCR (optical character recognition) technology to the process, we believe this leads to sub-optimal results (frequent typographical errors, strange characters confusing and formatting) and does not adequately preserve the historical character of the original artifact. We believe this culturally important in its work is original archival form. While we strive to adequately clean and digitally enhance the original work, there are occasionally instances where imperfections such as blurred or missing pages, poor pictures or errant marks may have been introduced due to either the quality of original work or the scanning process itself. Despite these occasional imperfections, we have brought it back into print as part of our ongoing global book preservation commitment, providing customers with to the best possible historical reprints. We appreciate your understanding of these occasional imperfections, and sincerely hope you enjoy seeing the book in a format as close as possible to that intended by the original publisher.

only art to blossom in pre-Classical Greece. To the contrary, tragedies written in the fifth century often contain humorous scenes, people who danced and sang in lyric modes involving a wide ranges of poetic meters.
