

Suspended Animations: and other Graphics

As any soup kitchen patron will tell you the road to great wealth starts with cartooning. Other methods such as selling kidneys, alchemy and ghost hunting just dont have enough graphics in them. So inspired by greats such as Gary Larson and Bernard Kliban, our new kid on the block, Peter Gould, has embraced all things baffling which requires very long arms. Examples include the chat up lines of stromatolites, the bush fire risk in hell, and Snow Whites discovery of the back passage. Daleks or Roller Nazis in a can are a staple as are for dummies books. For example, Lighthouse Keeping for Dummies instructs Aim it away from the land. Buy it, compost it, make a fort out of it maybe read it. I recommend it highly with seasoning, served in a tureen.

With these great videos and animations, youll get the mechanical gist From 1930s black-and-white clips outlining the basics of your suspension to modern graphics The other end uses a shackle that can move for and aft.
