

Crashed (Driven)

Life is full of moments. Big moments. Little moments. And none of them are inconsequential. Every single moment prepares you for that one instance that defines your life. You must overcome all your fears, confront the demons that chase you, and cleanse the poison that clings to your soul or you risk the chance of losing everything. Mine started the minute Rylee fell out of that damn storage closet. She made me feel. Made me whole when all I thought I could ever be was incomplete. Became the lifeline I never knew I needed. Hell yes, shes worth the fight...but how do you fight for someone you know you dont deserve? Colton has healed and completed me, stolen my heart, and made me realize our loves not predictable nor perfect-its bent. And bents okay. But when outside factors put our relationship to the test, what lengths will I have to go to prove to him that hes worth the fight? Whoever said love is patient and love is kind, never met the two of us. We know our love is worth it-have acknowledged that we were meant to be-but when our pasts crash into our future, will the repercussions make us stronger or break us apart?
