

## Dead Mans Rock

Sir Arthur Thomas Quiller-Couch wrote short stories, novels, criticism, and edited anthologies, including the Oxford Book series. He was Assistant Editor of the Liberal weekly *The Speaker*, and from 1912 until his death was Professor of English at Cambridge University. Writing under the pen name Q, Sir Arthur produced a variety of work, including adventure stories, historical fiction, satire, stories of the supernatural, and mysteries. *Dead Mans Rock* was Q's first published novel. The genesis came from a curious bit of family lore, in which his great grandfather Richard had a key hanging from a beam, with instructions that no one should take it down till he returned. Richard was lost at sea during a war, and the key was never touched. What might it have unlocked? Hence the inspiration for the story. A family in poverty, great wealth to be unlocked by a key, two parties vying for it, and a curse on the treasure the key could unlock.

*Dead Mans Rock*, officially designated D-3974 and sometimes spelt as *Deadmans Rock* is a lawless planet far from Terran Dominion space in an area named *Dead Mans Rock* eBook. Arthur Quiller-Couch.
