

Gene Simmons Zipper #1 (IDW Comics)

International superstar Gene Simmons creates his own version of the classic stranger in a strange land with his latest comic book, Zipper! After a daring escape from his other-dimensional home, the Nether Ether, denizen Xeng Ral finds himself on planet Earth-lost, alone, curious and confused. Protected only by a specially equipped exo-suit, Xeng Ral sets out to explore his new world, finding both allies and enemies, all the while desperately evading those who would hunt him down from the Nether Ether. Written by Tom Waltz, with art by Casey Maloney (Star Trek: The Next Generation: The Space Between).
