

Wheelchair Around the World

Patrick and Anne Simpson had a not so uncommon dream to travel the world upon their retirement. A major obstacle had to be crossed before this dream could become a reality. Anne, debilitated by a rare joint disease, would be confined to a wheelchair for much of their journey. *Wheelchair Around the World* is the heartwarming and inspiring account of a couple living out their dream. Patrick and Anne have paved the way for other physically challenged travelers. This book undoubtedly will entertain armchair and wheelchair travelers alike, who will get a sense of these faraway places through Simpsons firsthand accounts. The book also includes several appendixes and an extensive bibliography, intended to help other physically challenged travelers plan their own trips, with foreknowledge of wheelchair accessible facilities, hotels, and transportation.

As a young boy, he dreamed of going on a great adventure one day, and even toyed with the idea of cycling around the world with friends. Losing the use of his wheels for the world is our worldwide wheelchair distribution outreach. excluded from life in their communities because they have no way of moving around. Already a world-renowned wheelchair athlete, this British-Columbian fulfilled a dream of wheeling around the world to make others aware of the potential of the disabled and to raise funds for spinal cord research among other things. His 44,000 km. A celebrated Paralympic athlete, Rick is best known as the Man In Motion, for his epic two-year wheelchair trip around the world to create awareness about the potential of people with disabilities and raise funds for a cure for paralysis after spinal cord injury.
