

The Protocol: James Acton Thrillers, Book 1

For two thousand years, the Triarii have protected us, influencing history from the crusades to the discovery of America. Descendent from the Roman Empire, they pervade every level of society and are now in a race with our own government to retrieve an ancient artifact thought to have been lost forever. Caught in the middle is archaeology professor James Acton, relentlessly hunted by the elite Delta Force, who are under orders to stop at nothing to possess what he has found, and the Triarii, who are equally determined to prevent the discovery from falling into the wrong hands. With his students and friends dying around him, Acton flees to find the one person who might be able to help him. Little does he know, he may actually be racing directly into the hands of an organization he knows nothing about.

Archaeology Professor James Acton has a knack for getting into trouble. The James Acton Thrillers Series: Books 1-3 includes the first three full-length novels in this action-packed series described as THE PROTOCOL. Characters are simplistic without much depth, but that's normal for these types of action-adventure books. I was entertained for a good part of it. James Acton The Protocol (James Acton Thrillers, #1), Brass Monkey (James Acton Thrillers Book 1. The Protocol. by J.
