

Lithuanian beer: A rough guide

Lithuania has one of the most interesting beer cultures on earth, but its a beer culture that is almost wholly unknown outside the country itself. This guide explains what is so special about Lithuanian beer and helps you choose the right places to go and the right beers to drink. Ive travelled to Lithuania a number of times over the last four years to learn as much as I can about Lithuanian beer, and this book summarizes what Ive learned. It describes the various styles of beer made in Lithuania, the main breweries, and where to find the beers. It also gives some cultural, linguistic, and historic background.
