

The Railway Children

Roberta, Peter, and Phyllis are quite happy living in their ordinary red-brick house located in the suburbs. But when their father is called away, the children and their mother are compelled to move to a dark, shabby cottage in the country, and their lives change more than they ever could imagine. During their initial days, the country seems lonely and dull. Then one afternoon, a walk leads them to a railway tunnel. There they meet Perks, the porter, make friends with the kind Station Master, and wave to the Green Dragon train as it goes by. Soon every day becomes filled with the excitement and fascination of the railway, and they become railway children.
