

Ten Years On

Rebecca is happily married to Olly and content with her job at a glamorous London art gallery. But when tragedy strikes, she decides to move back to her childhood home in the country, hoping time will help her to heal. Joe, born in the same country town as Rebecca, had a falling out with her a decade earlier. Now he's the successful owner of a wine bar, Maison Joe, and is breaking local hearts by dating a striking actress, Peta. Rebecca finds living with her parents again a challenge. Nor is it easy to discover that Joe lives and works too close for comfort. When she sees him once more, memories rush back to haunt her, along with unanswered questions about the past. Why did they lose touch? What was Olly hiding? Can Rebecca answer those questions and move on?
