

## Outbreak: Fairy Tale Z (Zombies Among Fairy Tales)

Join our hero Asher (the boy who cried wolf) as he battles his way across the kingdoms, seeking his long lost love in the wake of a terrible plague. Along the way, he'll join forces with familiar fairy tale characters, like Belle & Cinderella, to (hopefully) survive long enough to find his beloved. Using only their wit and will to endure, they must outfox the living and outrun the dead! Do you enjoy the action & suspense elements of a zombie apocalypse story, without the gore? If yes, you've stumbled upon a great story! While there are reluctant head-chopping and occasional arrows to the cranium, none of the types of scenarios are described in a detail that would keep you up at night, rest assured. When fairy tale characters are uprooted from their not-so-fairy-tale beginnings, they enter a new world of danger and adventure (and zombies)!

Let's meet some familiar characters you'll encounter during the zombie outbreak: Asher, the boy who cried wolf (but not for the reason you think) Cinderella (...getting to the ball will be the least of her worries) Belle (and a beast, of sorts) Jack (of the beanstalk variety) Red Riding Hood & Tom Thumb (...you'll find them in the woods) Coral (...the not-so-little mermaid) Rapunzel (...refusing to be locked up) A Giant (...a friend or foe?) King Arthur (...a different type of Camelot) Hansel & Gretel (...will breadcrumbs be enough to find refuge?) Rumpelstiltskin (...gold can't bribe everyone) Snow White & The Dwarves (...there's not 7 anymore) Enjoy it today!
